All prompts created by students or teacher found here.
Create Your Own

Step 1. Add a Picture

For teachers: You can create a prompt with text and audio.

Students don't need to add those. They will write/record elsewhere.

Step 2. Add Text

Think about all the places that you can visit. Where could he go? Where would you go if you had him fly you somewhere?

This saves to the Custom category.

Step 3. Record Audio

Each pre-made prompt has 3 levels. Find this under settings.

Tap on write to begin the writing process.

Write a review about this meal for an article or blog.
Karen

My Favorite Birthday

My favorite party was the one I gave my son, David when he was five years old. He had a pirate party that year. We buried goodies in the backyard and his friends went on a treasure hunt.

Tell about the best birthday party you ever had or went to.

After recording, students should send to camera roll.

These can be uploaded to a blog, emailed to teacher from camera roll, pulled together in iMovie, emailed to parents, . . .
